

Campus Advocating Controlled Use of Plastic

In a commendable move towards **environmental sustainability**, Techno International New Town (TINT) declared its campus a No-Plastic Zone in January 2022. This initiative underscores TINT's commitment to minimizing plastic use and raising awareness about its detrimental effects on the planet. Since the declaration, TINT has actively engaged students, staff, and faculty members in understanding the hazardous impacts of plastic pollution.

CIRCULAR ON CONTROLLED USE OF PLASTIC

TECHNO INTERNATIONAL NEW TOWN **(FORMERLY KNOWN AS TECHNO INDIA COLLEGE OF TECHNOLOGY)**

DG-1/1, New Town, Kolkata -- 700156

CIRCULAR

Date: 27.01.2022.

This is for the information of all faculty, staff, and students that Techno International New Town is hereby declared a plastic-free zone. In an effort to promote environmental sustainability and reduce plastic pollution, the following measures are to be implemented with immediate effect:

1. **Minimal Use of Plastic:** All members of the TINT community are encouraged to minimize the use of plastic in their daily activities on campus.
2. **Ban on Single-Use Plastic:** The use of single-use plastic items such as plastic bags, straws, cups, cutlery, and bottles is strictly prohibited on campus.

We urge everyone to support this initiative by using eco-friendly alternatives such as reusable bags, bottles, and containers. Let us work together to create a cleaner and greener campus.

Your cooperation in adhering to this policy is highly appreciated.

Aiming towards a NO-Plastic Campus

While TINT is still on its journey to becoming completely plastic-free, the institution has enforced strict measures to control plastic usage. A stringent ban on single-use plastics has been implemented, ensuring that disposable plastic items are no longer permitted within the campus. This policy reflects TINT's proactive approach to reducing plastic waste and promoting sustainable alternatives.

Techno International New Town's initiative to minimize plastic use and establish a No-Plastic Zone is a significant step towards environmental conservation. Although the goal of a plastic-free campus is yet to be fully realized, the controlled use and ban on single-use plastics demonstrate TINT's unwavering dedication to protecting the planet and fostering a sustainable future.
