Newsletter of Techno International New Town

Tete-A-Tete

With the Director, TINT

What are your thoughts on the successful publication of our Newsletter TINT.inc?

The Newsletter of TINT has two issues ,this is the 2nd issue and the 1st issue was very successful in terms of publicity, publication , we have spread it in different forums . It was there in our forum as well , so this time they have come up with a different kind of structure almost similar to the previous one. They have the editorial page , noted students from different departments for their success , two pages are there for the notable alumni, there are write ups also and they have come up with a puzzle also . This is a very good initiative by the literary club headed by Prof. Dr. Sayantika Bose Chakraborty and the students from different departments. So this way the literary club is really progressing .

Dr RT Goswami
Director, Techno International New Town,

Newsletters are very important for any educational institute and it is good that the Literary Club is doing it so well. I wish this Newsletter edition also comes out to be successful and it continues with different editorial things and added up contents.

What technical skills do you think TINT students should develop apart from the regular academics?

We have four technical associations such as the IICT , YUKTI , KAPILA, etc.. They are now putting more stress on entrepreneurship. We are doing this very structurally and very fast . We need to innovate and come up with interesting interdisciplinary projects. Team spirit and team building is very much required . Only studying for academics and passing the university exam is not sufficient.

How was the experience on being the nodal centre for SIH ?

Being the nodal centre for SIH was really excellent. When this opportunity was taken up we never thought of its magnitude . It started on 22nd of August and it was enormous . I am very thankful to the faculty members and the student volunteers, they have worked very hard. Everybody praised about the structure and the way we organised and did it . When such kinds of things or conferences are hosted , team building attitude is very important. I am also very thankful to the lady faculty , despite their being certain problems in their home , they stayed overnight in college. We have come out very successfully and this is the most satisfactory part . Everything in SIH is very time bound . I feel more students should participate in SIH , this is a great learning experience for them because industry demands such kind of things. From our college also two hardware and two software teams went to the finals and one team from the hardware won . It is a competition there will be winners , but for us the finalists are all winners .

From the Editor's Desk

With great pleasure and joy, we bring to you the second edition of the college Newsletter – TINT.inc. The maiden issue was appreciated and lauded by all. A proud moment for Team LITWITS as the Club enters its third year. Over 600 number of copies of TINT.Inc were downloaded. Many of the students who were a part of the editorial team of the first issue have graduated and have been successfully placed in multi-national companies of repute while some have headed to pursue higher studies. We wish them all the very best in all their endeavours. The juniors are carrying on the legacy and that is exactly how things are supposed to be – a batch hands over the baton to the next.

As you flip through the pages of the newsletter, you get a peek into the various facets of this institution that is steadily progressing towards its way to emerge as a centre of excellence. The institution was selected as a nodal centre of Smart India Hackathon 2022, which was successfully hosted from 24th to 26th August 2022. Four teams from TINT participated in SIH 2022 at pan India locations and one of them have secured a second position.

LITWITS – TINT Literary Club is slowly, steadily, and surely surging ahead and kudos to the students of TINT for this feat. Creative writing workshop by the well-known author Ayan Pal was a grand success and the fervour of the students made the event worthwhile. The resounding success of ELOQUENT SOULS – the first Poetry Festival at TINT was an event that shall forever be etched in our minds for years to come. In the coming years we pledge to take the activities forward with renewed vigour and excitement.

I congratulate Team LITWITS for successfully bringing out the second edition of the college Newsletter. I wish my beloved students luck in all their ventures.
A big shout out to LITWITS – TINT Literary Club.

**– Dr. Sayantika Bose Chakraborty
Convenor, LITWITS – TINT Literary Club**

Edit-0-Real

LITWITS- TINT Literary Club was formed two years back under the patronage of the Director Dr. R. T. Goswami. After the successful publication of the 1st edition of TINT. Inc, with great pride and honor LITWITS present before you the maiden 2nd edition of TINT.Inc with the dawn of a brand new chapter.

This year we celebrated 75 years of Independent India. TINT. INC cherishes the ones who made our independence possible. Freedom is hard to get, but we are blessed to have it. Let's appreciate everything we have and celebrate the great miracle of freedom.

We have exclusively chosen 'Kolkata' to be the theme of this edition of TINT. Inc. There is more to Calcutta than brick and mortar buildings and landscaped parks. We love the grand dame of the British colonial empire and the city comes with a lion-sized touchy ego. The city thrives on intellectualism and it is not easy to swim against this tide of thoughts and feelings. To love Calcutta is to understand it and the only way to do so, is to feel the city, let it seep into your blood, take over your brain completely until you start functioning nearly like a Bengali, and finally steal your heart forever. Calcutta is about timeless leisurely habits like reading. Beauty in Calcutta is scattered at every step with nearly every sight, sound and smell and in spite of the broken, faded facade, its grandeur is apparent and undeniable. In this edition of TINT. Inc we are determined to showcase how life rushes here and throbs through it's myriad colors, depths and phases.

We would also like to express our gratitude to our seniors for shaping the destiny of junior students around you and helping them to grow and succeed! A huge thank you to all the persons who contributed writing the wonderful and inspiring articles. We thank the college administration with a special mention of our Director Dr. R. T. Goswami, Registrar Dr. Summauli Pyne for their constant support. A big shoutout for the faculty members and student's team of LITWITS. We are wishing to celebrate more and more successful publications of TINT. Inc.

~From Student's Editorial Team, LITWITS

A Starry Affair

Tanushree Pathak, CSE 4th year

Participated in the Entrepreneurship program that Techno International New Town organizes every year since 2019. She had a team, Trendy T-shirts where she was the CEO of that team. Their proposal was to make customers satisfied with customized t-shirts. They have received the certification from Global Jury and scored 3.75 out of 5 and got the first position within all the teams in our college.

Twinkle Chatterjee, IT 4th Year.

Invited to anchor at Springfest, IIT Kharagpur alongside successfully publishing her first journal in IEEE Explore under the mentorship of Prof. (Dr.) Raja Karmakar. She was the only undergraduate student who started writing this prestigious research publication in her second semester and later collaborated with professors of international and national accomplishments in the research domain.

Sowik Pramanik, 3rd year CSE.

Achieved the 1st place in HACKTONIX (HACKATHON conducted by Future Institute Sonarpur) on the topic "Make something using software or hardware-based, which is really needed for our future".

Suranjan Saha, 3rd year CSE

Participated and bagged the 2nd position in the Cyberthon event organized by IEM during their tech fest INNOVACION 2022. It was a 5-hour-long event. In the event the participants were given different hacking challenges, from which they had to find the different vulnerabilities of the system and then exploit them in order to get the answer.

Association for Computing Machinery (ACM), “Hack-A-Day 2022” Kolkata Chapter.

Team “Bandhus” has secured 2nd Runner Up position in Hack-A-Day 2022, a hackathon for faculties, organized by ACM Kolkata Chapter. Team members: Debraj Chatterjee (Assistant Professor, CSE, Team Leader), Sidhant Singh (CSE), Souvik Sarkar (CSE), Rohit Kumar (CSE). Track: Smart City Administrations.

ACM East India Hackathon

From a tally of 268 registered teams, 10 teams got selected for the Grand Finale of hack-a-day (ACM East India Hackathon) which had 2 teams from IT dept, 10 teams, better to say 40 individuals showed their best level of innovation in the stipulated 24 hours trying to impress the judges. TINT. Mentors of the two teams were Prof. Ayan Chakraborty and Prof. (Dr.) Mahamuda Sultana.

Farnaz Kazi , AIE 4th year

Selected to attend the ‘Introductory Summer School in Astronomy and Astrophysics’ Organized by the prestigious Inter-University Center for Astronomy and Astrophysics (IUCAA, Pune) from May 16 to June 17, 2022, while she also completed a research training Program on ‘How to use an AI Application for understanding and exploring the Lunar environment using Machine Learning’.

Team SpiritTrex in Smart India Hackathon

Team SpiritTrex has been awarded 2nd prize (Runner Up) of prize money Rs. 75000/-, under the theme Travel and Tourism. In Smart India Hackathon 2022.

Jayanta Banik , CSE 2017-2021

Jayanta Banik has scored 328/340 in Graduate Record Examinations(GRE) and 102/120 in Test of English as a Foreign Language(TOEFL). He is currently pursuing higher studies in University of California

Debanjan Paul , grabbed a package of 8 LPA from L&T Infotech

Lumiere

On 26th March, 2022, LITWITS organised "Eloquent Souls" to celebrate World Poetry Day. The Poetry and Elocution contests, judged by eminent personalities, displayed the vast talents of the TINT students

ধূর ছাই

পড়াশুনা করি নাতো, করি শুনাপড়া,
ক্লাসরুমে ফাঁকা বেঞ্চ, আমি কান-ধরা!
সাদা কাগজে এক দুই লেখে যারা তারা কি ভাবে নিজেদের বিজ্ঞবলদ!
কাগজের এপিঠ ওপিঠ আঁকি-বুকি কাটি আমি, হবে কি তাদের বোঝার মুরোদ?
কোনো এক অজানা জ্ঞানী বলেছিল চন্দ্রবিন্দু,
চাঁদটাকে চেনেনি এখনও
চরকার বুড়িটা আজকেও বসে আছে, খোলেনি সুতোর দোকানও....
চেটোখানি ভরে যায়, কাঁধে করে নিয়ে যায়, মস্তকে পুস্তক বোঝাই,
আমি বাপু বুঝিনা, ছাইপাস খুঁজিনা, লেখাগুলো চিরকাল আবছাই!
কোনো এক নিউটন খুঁজিলে মাধ্যাকর্ষণ আপেল পরতে দেখে,
ফল নিয়ে শুনাপড়া রোধ করি আমি ওই আপেল খেতে খেতে।
আহা!
পড়াশুনা করি নাতো, করি শুনাপড়া,
ক্লাসরুমে ফাঁকা বেঞ্চ, আমি কানধরা।
বাবা-মা প্ল্যানিং করে রেখেছিল এক কপি টিউশনি,
রোজ রোজ কেজি কেজি হয়রানি, পোশালো না আর....
সন্ধ্যাবেলা শাঁখের সাথে যেই না শুনি কলিং-বেল,
ছুটে গিয়ে কাঁচি দিয়ে কাটিয়া দিলাম কারেন্টের তার।
পরে যদিও মায়ের কাছে আদর স্বরূপ পেলেম কিছু,
অন্ধকারে সিঁড়িতে পরে কপির মালাইচাকি হয়েছে নিচু।
টিভিতেও এক কেস, আর ভাল্লাগে না,
রিমোট-টা টিপলেও চ্যানেল-গুলি যেন যায় না!
সেই এক কথা বলে চলে টপ র‍্যাকের শালারা,
মুগ্ধ হয়ে শোনে টপ র‍্যাকের ওই কালারা।
বলি পড়াশুনার মতোই আছে লেখা যেগুলি আমি বুঝিনা,
অহেতুক জেরক্স-কপির কারণগুলি আমি খুঁজিনা!
কারণ,
পড়াশুনা করি নাতো, করি শুনাপড়া
ক্লাসরুমে ফাঁকা বেঞ্চ, আমি কানধরা।

অভিপসিত ভট্টাচার্য
(3rd in self-composed recitation)

अपने शहर

कहते है की किसी चीज़ से दूर जाकर ही उसकी अहमियत का पता चलता है....
 दूर जाकर ही तो यादों के गीत का वो धुन कानों में और तेज हो जाता है।
 बस कुछ ऐसा ही है रिश्ता मेरा और मेरे शहर का!
 मेरे शहर में सब कुछ आम सा लगता था
 पर शहर से बिछड़कर एहसास हुआ की उन आम सी बातों में भी न जाने कितनी गहराइयां छिपी थी।
 टपरी के चाय की उस प्याली में सिर्फ चाय नहीं
 शहर की एक मिठास है |
 क्योंकि अपने शहर की बात ही अलग है!
 मेरे शरीर को छूकर जाने वाली उस हवा में भी एक सुगंध है , एक मदहोशी है.....
 क्या करे अपने शहर की बात ही अलग है!

उन रास्तों से जुड़ी हुई गलियों में दौड़ते छोटे - छोटे बच्चें,
 सड़क के मोड़ पर वो छोटी बड़ी इमारतें ,
 उस शोर गुल में भी एक सुकून सा है
 क्योंकि अपने शहर की बात ही अलग है!
 बचपन के वो दिन कोई भूल ही नई सकता....
 दोस्तों की यारी से सने वो पल शायद ही कोई भुला सकता....
 जिंदगी की कड़ी से जुड़ा यादों का एक कारवां है,
 जो मेरे आंखों को करता नम हर बार है ||

मेरे बचपन से लिपटा मेरा वो शहर है,
 शीशी में मिलने वाली खट्टी मीठी गोली की तरह,
 जिंदगी की खट्टी मीठी यादों का पिटारा मेरा वो शहर है ||
 मेरे दिल के एक हिस्से में समाया मेरा वो शहर है,
 बस इसलिए तो अपने शहर की बात ही अलग है!

सिर्फ मीलों की दूरियां बढ़ती है
 रिश्ते कहां खतम होते है,
 सिर्फ मीलों की दूरियां बढ़ती है
 रिश्ते कहां खतम होते है ,
 अरे वो रिश्ता ही क्या जो दूरियों के बढ़ने से मिट जाया करते हैं।
 आज भी अपने शहर वापिस जाते है तो वही सुकून मिलता है
 भावहीन चेहरा फिर खिल उठता है....
 फिर वही रास्ते,
 फिर वही गलियां,
 शायद ना रहे
 क्योंकि शहर बदल गया होगा
 पर एहसास तो आज भी वही है ,
 क्या करे अपने शहर की बात ही अलग है!

- Joyti Chowdhury
(1st in self-composed recitation)

Cyber Stockholm Syndrome

*I remember how she'd lured me in
With eclectic stories of pretty girls and villains with crooked grins.
Driving in anticipation , heart fluttering in trepidation;
She will have you risk it all , even your reputation.*

*I bet she's the reason behind me tanking lately;
Why , despite trying, I lose focus immediately.
She throttles me , my drive and I keep pushing my responsibilities farther;
But ,what is love with no pain no suffer.*

*Eyes glued on the phone for a new notification ,I hang on by her words,
Eviscerated of my own thoughts,
But I'm still undeterred.
Some mornings I do wake up and detest her with altruistic passion,
But again step right into the rabbit hole owing to my obsession.*

*She feeds off my insecurities
How did she become my priority?
Is it 'cause of the desire to" keep up with world" or the FOMO that I got in return?*

*Cross my heart hope to die
You can't say that I didn't try
But an enchantress she is and her hostage I am
Listless days and going to bed at 3 am;
Hooked on for immediate gratification
Seems like a simple calculation.
"Bad habit" , I'm aware
But at this point do I really care?*

*Who else gives me company the way that she does?
5 years ago I was debating on whether she's a blessing or a curse!
Now she's a habit and old habits die hard.*

*The acme of my devotion .
Some call it Internet Addiction
But I'd rather call it Cyber Stockholm Syndrome.
Cyber Stockholm Syndrome.*

Shubhashree Saha
(2nd in self-composed recitation in self-composed recitation)

Monsoon

Who knew it'll be the last bus ride with you that day...

It has been raining heavily since the morning of the first week of March . Again it was also a relief rain after two days of scorching heat which is super weird. Unlike other days, I just opened the window and it's quite difficult to open the windows of buses of Kolkata in the very first attempt. There was the magical chilling fresh wind of yours which accompanied me all through my journey to Park Street. The bus stopped at Lindsay and like every other time, I turned my head to the new market side. Beside the Grand Oberoi there's a little shop which was selling sweaters then. Everytime I pass by that footpath I find a child in that shop who takes care of the shop while his parents are on the road trying to catch only one customer by any chance. And oh yes! the muddy street beside the tea junction and the best momo shop was the reason of the anger of the fancy people who entered the big restaurant opposite to the tiffin stall and I used to love how they entered with a pissed off face. I was missing so many things there while I was in the bus and once I even thought of going out and run to the hogg market and buy some jewellery again. I loved the smell of fresh showers back then and the most attractive "chayer bhar" caught my glimpse through the heavy showers too. While I was caged in the bus in the traffic with you I was so deeply and freshly starting to fall in love.

Avijit Ram, Aiml

Rohan Adhikary , CSE

here's one amazing characteristic of you , each part of yours has got a new heart in it with a different soul . After changing some vehicles when I finally found myself in front of the coffee house I spotted a difference this time. This time I am holding your hand instead of my father but the magic spell of the smell of new books is still the same. From visiting the idols of kumartuli on mahalaya to sindur khela in Maddox on dashami, I could feel everything with you from that window side seat of the bus while returning. It was like overflowing myself with tons of warmth which came with the chilling breezes after the fresh shower. It was like the city was healing with every drop of water. The bus stopped and I started walking through the street of my flat. Then I suddenly stopped by the cafe and walked in it. While having the day's coffee , I spotted the flower shop and nursery at the opposite side. Every Friday a boy comes there to grab a bouquet of fresh white lilies for his beloved. Returning back to my 2BHK flat, the silence in the noise of cars passing the roads far away amuses me everytime. After all this "silent night " Version of you is sometimes not so visiting part of yours but it is that much important for me. Every morning you're like "Come fall in love with me. "
"I am already so in love with u Kolkata"

- Abhipsa Chakraborty , ECE

Kolkata Diaries

Whenever I hear the name of Kolkata, a bundle of emotions circulates around my mind. The nostalgia associated with the city cannot be expressed in simple words. Even among the chaos, if someone wants to taste the flavour of real intellectualism, then Kolkata is possibly the most suitable place in the whole world. Often referred to as the city of joy, it indeed justifies the title. We see that several cities have their own culture, societal norms, traditions, but often most of them lack on one common thing i.e. soul. One debatable scientific term is teleportation which is often used as a synonym of time travel. But, inspite of all disbeliefs, even time travel is possible in the city of joy. Some old buildings of North Kolkata seem to be stuck in time. Simultaneously, a few mile ride can bring us again in the concrete jungles of urban Kolkata. Each and every season have their own mood in this city. Several moods can be justified by the fact that the city is home to several writers, poets, musicians, sportspersons, artists, filmmakers, freedom fighters, revolutionaries etc. Moreover, there is a saying that if we are unable to find our desired book in college street, then probably the book is not available in the whole world. This justifies the legacy of the city. After all, Kolkata is one of the best cities regarding connectivity. It has the oldest subway metro network in India. Moreover, it is the only South Asian city to have a tramway system. Bus, autos, tram, metro, local train, steamer, yellow taxis, everything is available along with modern app operated cabs.

Since the start of the year, people of the city indulge themselves into several festivals irrespective of religion. This is one of the most striking points about the city; people of different religions and ethnicities coexist peacefully. People do start to take several new year resolutions right from the beginning of the year. Within few weeks, people do indulge themselves in Saraswati Puja. Though it is a festival for the students, but it is often referred as the Bengali Valentine's day. During the summer, one can enjoy the cool breezes while roaming around the Ganges Ghats. The Bengali New Year also marks the start of the financial year for several businesses. This is followed by festivals one after the other. But among all festivals, the greatest time to visit Kolkata is during the Durga Puja. According to me, this is the time when most of the Bengalis forget all their sorrows for few days and enjoy their life to their fullest. Each and every corner of the city lights up during these five days, starting from the alleys of North Kolkata to the posh locations of South Kolkata. Often, it is said that a Bengali strives for fifty one weeks so that they can that particular week of the year.

Abhik Dey, IT

Rohan Adhikary , CSE

The countdown for the next year starts just after the immersion ceremony. Kali Puja is also celebrated grandly in some parts of central Kolkata. Along with that, Jagadhatri Puja has also gained importance in some parts of Kolkata. After that, the penultimate stage of the year sees another grand celebration in the form of Christmas. This cycle continues again and again. I can say that all the noticeable places of Kolkata have a separate place in my heart. And for nostalgic people like me, permanently leaving Kolkata is one of the toughest jobs. Concluding this, all I can say is that after birth, I fell in love with my only two things, my mother and my city, Kolkata."I am already so in love with u Kolkata"

- Soumojyoti Sett (ME)

TechnobITes

The Department of Information Technology hosted a sequel of TechnobITes, a tech cultural event on 4th and 5th June, 2022 in our college campus. The events that were a part of this mega event were QUIZ where participants were from 30+ colleges including IIT, CU, JU, etc, Esports which was an online gaming event, Dance, where our star face was Devlina Kumar, Music had Durnibar as the star judge and Fashion where 11 colleges put their best foot forward to win the prizes! Alongside the cut throat competitions, we had guest performances by Tapojit Mitra (@Harrybol), Sreetama Baidya, Pablo, Rehan-O-Kolotan, Laavanya Ghosh, Arijit Acharya (BAND) and DJ Shaan. It was an indelible event to cherish as a noteworthy college memory!

Industrial Training

Each year the MCA-BCA department conducts industrial training for our students. This year also industrial training was done in Haldia .

Scintilla 2K22

The Department of Basic Science and Humanities, at Techno International New Town organised a one day Science & Linguistics exhibition, Scintilla, on 22nd of July, 2022. The eminent speaker, Dr. Debiprosad Duari, Director, Institute of Astronomy Space and Earth Science delivered a mind-boggling lecture on "The Final Frontier". Students enjoyed his session thoroughly. The 1st year students of TINT along with some science-enthusiast school students made this event a grand success. Various energy efficient models, recycling ideas, and green energy promoting innovative designs were demonstrated. Eco-Brick, plastic to fuel, Automatic Street light controller, Walk-Pi Talk-Pi these were some promising entries in the exhibition. All the guests praised the efforts of the students and congratulated them for putting their best foot forward.

KRISTHI' 2022

KRISTHI'2022 held on International Mother Language Day. It was a event where we, the department organize a photographic competition, an exhibition of Art and Craft, a competition of Alpona. On that day we made a replica of Martyr's Altar, and paid tribute to Martyrs.

Language Workshop

The Department of Basic Science and Humanities, at Techno International New Town organized a workshop on “Enhancing Language Learning Skills by Games” on 3rd of June, 2022. The speaker, Dr. Atanu Saha excels in linguistic discourses based on digital pedagogical processes and related to the attendees the importance of ELT (English Language Teaching) and discussed how language acquisition is a continuous process that involves innovation and skills. The speaker also foregrounded his idea of using simple games to learn basic English Grammar and vocabulary skills that would aid engineering students in developing their soft skills through hands-on techniques. Dr. Saha also elucidated the ways in which students could program and devise their customised software and codify them based on their requirements. After the enriching oration, the attendees were asked to download apps like ESL Game Plus and Scratch in their respective devices and were taught to install, program and run their own designs in their laptops. The attendees were found engrossed in this interesting session and the speaker facilitated them and resolved their queries on a personal level and clarified all their queries. The attendees thoroughly enjoyed the sessions.

Tickle Your Mind

Using only addition, how can you use 8s to get the total of 1000?

1

Clubs At Glance

TINT Coding Club

SWAP & CODE

Swap and Code the name sounds interesting right? As the name sounds interesting so was the event filled both with fun and learning. Swap and Code conducted by the TINT Coding Club was the first offline event after the covid pandemic. From the last two years, we as students were only able to witness online events conducted by our coding club

CODEHUNT 2.0

The 'TINT Coding Club' had taken the initiative of organizing a competitive programming contest "CODEHUNT 3.0" on 11th May, 2022 through the platform named Hackerrank. This was the first coding event to be held offline after the two online ones. The coding club believes that anybody can code to improve programming skills by solving various algorithms and involves its members into various exciting contests and events. The contest was all about enhancing the logical thinking.

LITWITS : TINT Literary Club

Eloquent Souls (26th April, 2022)

On 26th April, 2022, Techno International New Town's first ever poetry competition was organized by Litwits – TINT Literary Club, on the occasion of World Poetry Day. A celebration of creativity, word art, emotions, and some of the most famous poets from around the world and TINT. Even though, poetry in an engineering college is quite unimaginable but We, the members of Litwits, with the guidance of our faculty members made it possible as well as a huge success.

LITOQUIUM

“Stir thy soul, set thy spirit ablaze”

Litwits- TINT Literary Club presented “LITOQUIUM” to tantalize the literary faculties, to unravel the realms of words and soar through the turns of phrases, to expand each other's horizons of vocabulary and literary knowledge! Becoming a huge success, we also presented LITOQUIUM 2.0 on 6th November, 2022.

TINT Photography Club

Photo walk

Photo walk is basically an activity of camera enthusiasts who gather in a group to walk around with a camera for the main purpose of taking pictures of things that interest them. A few days ago we conducted a photo walk at Kumortuli, Sobhabazar. Here, the renowned street photographer Sankar Ghose was our mentor. We got a lot of tips and tricks about 'how to take a photo in a better way'.

Member's Meet : We meet time to time to discuss and share our ideas on photography and photography tips. We share each other's work and exchange views. Both faculty members and students members of the club take part in the meet.

Farewell

Every year we conduct a farewell event for the final year student (Club members) and provide them a certificate as an honour for being a good and active member of the club.

Event Photography

In all occasions that are celebrated in our college we have an important role to play. Our event photography team freezes the moments into their camera as golden memories.

TINT Talkies

Shot Stories

A Short Film Festival & Contest organised by TINT Talkies, took place on 4th of march. Here the students of TINT as well as the students of the other colleges participated and made a short film of their own. The top 3 short films were felicitated by the dignitaries. This contest not only made students realise their worth but also their area of interest and capability to shine brighter.

Play Ekushe

TINT won the trophy of appreciation for the play, "EKUSHE", composed, directed and performed by the students of TINT Talkies- The Film & Drama Club of Techno International New Town on 29th of April. It was an honour to perform in the category of "Invited Play" in Natya-Shastra, the theatre festival hosted by Sister Nivedita University.

HRIDMAJHARE : The Club of Performing Arts

BASANTA UTSAV

On 8th April, 2022 Basanta Utsav (Hey Nutan. Ronge Ronge Borsho Baran) was celebrated on TINT Mukhtangan, ground by Hridmajhare- Performing Arts Club, TINT. The mesmerizing dance performance on the song "Murali ke dhun" captivated the audience. Sayan Ghosh from Mechanical Department performed an instrumental act which was highly appreciated by the crowd. Finally the performance on Rabindranath Tagore's "Chitrangada" was considered to be the most charming segment of the entire programme. A group of students and teachers performed this famous dance drama.

The melodious performance on the folk song "Assam jabo and Boishaker Bikelbalay" by the students again grabbed the attention of the listeners. The event came to an end with the final performance by Swarnadeepa Ghosh(CSE,3 rd yr) on the lovely song "Rang Barse..."

RABINDRA JAYANTI 2022

On 9th May, 2022 "Rabindra Jayanti" was organised by Techno International New Town(TINT) in collaboration with Sister Nivedita University(SNU). Hridmajhare- The Club of Performing Arts of Techno International New Town played a key role in organizing the event which was celebrated in Arts Acre Campus. The event began with the opening song "Akhsh jure shuninu oi bajey," sung by faculty members and students of the college. Shri Satyam Roychowdhury, Hon'ble MD Techno India Group, Dr. R T Goswami, Director, TINT, Prof.(Dr) Dhrubajyoti Chattopadhyay,Vice Chancellor SNU and Sri Subhaprasanna Bhattacharjee illuminated the event with their gracious presence. They paid a floral tribute to Rabindranath Tagore. They also shared their valuable insights with the audience on this auspicious occasion. The audience was captivated by the recitation performance on "Nayak Rabi" presented by Shri Satyam Roychowdhury along with Prof.(Dr) Dhrubajyoti Chattopadhyay.
