## Minutes of the Departmental Academic Committee Meeting and Action Taken Report

(AY: 2020-2021)

The department has collected the feedback on curriculum enrichment from various stake holders for the AY: 2021-2021. The consolidated report has been summarized and analysed by the department. A meeting was held in the HoD's office on 10.08.2021 at 3 PM to discuss the actions taken in response to the feedback received. The meeting was attended by the following members:

1. Dr. Sanjoy Das Neogi
2. Professor Siddhartha Mukherjee
3. Professor Somnath Majumder
4. Professor Rajib Majumder
5. Professor Mousumi Kundu

Based on the analysis of feedback received from various stake holders the following actions have been taken in revision of curriculum.

1. Extra classes were arranged to prepare the students for various competitive examination like GATE, IES etc.
2. Regarding interdisciplinary papers, it was observed that there were few interdisciplinary subjects already included in the old University curriculum such as Engineering Material (ME303). However in the new syllabus of MAKAUT, some interdisciplinary subjects like Surveying and Geomatics (CEPC403) and its corresponding laboratory (CEPC493), Cyber lab and Ethics (CEOE701C) and GIS and Remote Sensing (CEPE801A) has been introduced. However, students are also encouraged to opt some online MOOCS courses to enrich their knowledge further.

3. To prepare the students as industry ready, students were given domain training in different software and subjects like Auto CAD etc. in collaboration with the T&P Cell.
4. The students were encouraged to bring forth their entrepreneurial talents with the assistance of the Entrepreneurship Cell of the college
